CS23304 –Java Programming Laboratory – N batch

Files and Serialization – on the spot

Exercise-VII

Date: 10.9.25   marks: 10 marks

1. Make the following modifications:
a. The constructor must Throw an exception if the format is not valid.

b. Allow the user to either add or delete one telephone number. Write the modified data on the text file, replacing its original contents. Then read and display the numbers from the modified file.
