CS6109 - COMPILER DESIGN – LAB

Week 6 – 27.09.2022

(Spot Questions)

1. Convert do - while statement to for statement.

   Input:
   ```
   int i = 0;
   do
   {
       Printf("iteration %d \n",i);
       i++;
   }While(i<=10);
   ```

2. Convert for statement to while statement.

   Input:
   ```
   int j;
   for(j=1; j<=10; j--)
   {

   }
   ```
